

Speech by George Mylonas during the Joining Hands for Road Safety Event, introducing the new song
"Together we can make it Loud!"

August 5, 2011, 22nd World Scout Jamboree, Sweden

It's a great honor to be here today with you and an honor to have this opportunity to be present to this Jamboree meeting all these people and have the chance to experience something new and learn things about people from other countries and how the scouting community works helping each other. It's really an experience for everyone I think having this chance.

We all know that we don't live in a perfect world and there are many things that need to be done in order to achieve that, and being together makes it less hard for all of us to accomplish things.

In my way of expressing I created this song for you and for this event regarding road safety and not only, hoping we can all make our voices heard through our actions, through music and through any form of expression hidden inside each one of us, so we can make this world a better place.

So from now on this song is your song or you can say your soundtrack for your actions and most of all I hope you like it and it makes you feel that there is still hope and energy for moving on and keep on doing all these great things!
